Overview

The Supply Point Administration Agreement (SPAA) sets out the inter-operational arrangements between gas suppliers and transporters in the UK retail market. It is a multi-party agreement to which all domestic gas suppliers and all gas transporters are required by their Licences to accede.

CODE ADMINISTRATION CODE OF PRACTICE (CACOP)

The Code Administration Code of Practice was established to provide a consistent approach and level of service across associated code modifications.

In addition to the SPAA E-Bulletin, a CACoP Newsletter is also published on a periodic basis. If you would like to be added to the CACoP Newsletter distribution list, please contact SPAA@electralink.co.uk.

Another of the CACoP products is the Central Modifications Register, which contains information on Change Proposals across all of the industry codes, both gas and electricity. The Central Modification Register can be found on the SPAA Website, [via this link](#), or the Master Registration Agreement (MRA) Website [via this link](#).

Further information can be found on the Ofgem Website [via this link](#), or on the SPAA Website [via this link](#).

SPAA TRAINING DAY

On Monday 25 November 2019 the SPAA Team will be providing an introductory training session on the Supply Point Administration Agreement.

Initially spaces are limited to two delegates per SPAA Party, however, please send through any additional names & email addresses, and if more spaces become available we will be in contact.

Please note that this training session will not cover SPAA Parties' individual obligations and liabilities under the agreement. The training session is offered free of charge to SPAA Parties.

If you would like to register your interest to attend this session, please contact SPAA@electralink.co.uk

It would be greatly appreciated if you could spread the word amongst any colleagues within your company that you feel may be interested in attending.

OFGEM PUBLISHING MORATORIUM

Ofgem has recently announced the dates for their annual Christmas & New Year publishing moratorium. This will impact timeframes for all 'authority consent' modification decisions that are due to fall during the moratorium.

The last publishing day will be Wednesday 18 December 2019 and Ofgem will begin to publish documents again on Thursday 2 January 2020.
